BOLD ROBBERIES

Daylight robbery of the mails seems to have become a popular past time recently. Bandits in Chicago stole several mail sacks from a mail truck in daylight from which it is claimed they probably secured \$750,000.

In Cincinnati four men held up and robbed a mail truck carrying registered mail packages and carried away several pouches of registered mail. The amount of their haul is not definitely known.

To Place a Ladder.

Experiments to determine the angle at which a ladder should be placed to secure the maximum degree of safety for those using it have shown that the angle of 75 degrees is the best, whatever the height of the ladder.—Brooklyn Eagle.

POMONA

The Ladies' Aid of the M. E. church will give a "hard time" social at the schoolhouse Friday night, April 15. Everybody is supposed to carry out in dress the spirit of the occasion, and those not conforming to the rules will be requested to pay a fine. A prize will be awarded to the most "tackily" dressed couple. Coffee and cake will be served and a small charge made, the proceeds to go to the Aid Society, which has been organized recently.

J. E. Converse, Henry Converse, Lawrence Dayton, Miss Edith Dayton and Miss Ollie Barnes, attended the M. E. Church, south, Sunday-school Convention at Cookeville last week. About forty delegates were present, which was considered a good representation for his district. The Convention lasted for four days with three sessions each day. Dr. E. Hightower, of Nashville, conducted the classes for the pastors and superintendents and also delivered several inspiring sermons which will be long remembered by those who heard him. Rev. T. W. Henson, one of the ablest Sunday-school workers of the state, had charge of the Sunday-school teachers' training course, and Mrs. Shelton the missionary training course. Dr. Morgan, of Martin College, gave several splendid lectures as to the needs in an intellectual way. The weather was ideal and the hospitality of the Cookeville people was noted.

Mrs. Lee Nelson has sold her farm at Claysville to "Doc" Hinch, of Pomona, and she and little son will make their future home in Crab Orchard last week.

Miss Edith Dayton entertained about twenty friends at a birthday party Saturday night. Cake and hot chocolate were served and games were enjoyed until a late hour.

Miss Belle Dyer returned home recently from Bon Air.

Mr. and Mrs. Thomas Hassler have moved into a house on the Dayton farm.

Miss Bernice Jones, of Crab Orchard, is the guest of Miss Edith Dayton.

Waterman's Ideal Fountain Pen

If you have never used a Waterman Ideal Fountain Pen, you very likely think fountain pens are a nuisance rather than useful; most fountain pens are. But the Waterman is different; it's a real joy to use one after trying the numerous make-shifts called fountain pens.

Prices: 2.50 to \$50.00

One of the strong points about the Waterman is, it **MUST** write and **MUST** do it with ease and comfort and give **PERFECT** satisfaction or you get your money back.

Come in and try one. That will cost you nothing. If you want to buy, we will get any style of pen you want, if we don't have it in stock.

Chronicle Publishing Co.**Queer Word Explained.**

The real derivation of the word "esquire" is, as everyone will remember, from "escayer," old French for "shieldbearer," and so came to be applied to the chief retainers of knights. When the feudal days passed the word remained.

Mark of Bondage.

Little Paul, visiting his cousins on the farm, had been taken down to see the pigs. Noticing several had rings in their noses, he said to his big brother: "Say, Bill, those pigs must be married, 'cause they are wearing rings."—Chicago American.

HEROISM SHOWN BY AMERICAN WORKERS OF NEAR EAST RELIEF

Cables Reveal Appalling Armenian Need—Hundreds of Thousands Starving.

By CHARLES V. VICKREY
General Secretary, Near East Relief

Approximately 500 American men and women are standing loyally and heroically at their posts in Armenia, Turkey and the Near East. Many of them during the long winter of isolation are undergoing what we in America call "hardship."

But these, our fellow citizens in the Near East, are volunteers serving with a high purpose, and they do not recognize hardship when they meet it. They have had their opportunity to withdraw with honor from the field of famine and desolation. They have refused to leave, because they know that their departure would mean death for tens of thousands of women and children whom their efforts have kept alive and whom they are determined to save for a better future.

A dozen cables are on my desk from various centers in Armenia, Anatolia, Cilicia and Syria pleading piteously for the lives of hundreds of thousands who are homeless: "Sixty-five thousand refugees Constantinople alone;" "Refugees flocking into Aleppo;" "Twenty thousand refugees at Ismid;" "One hundred thousand people at Alexandropol will starve unless relief is provided;" "Refugees arriving from Caucasus, escaping persecution, naked, destitute! Urgent need to save most of them from death;" "Two hundred thousand starving between Kars and Alexandropol! Severe winter adds, to distress."

Above all towers the mute appeal of the more than 100,000 little children, orphaned, homeless, whom these American relief workers have saved and whom we here at home must sustain not only through the winter and spring, but through the summer and autumn as well. If we do not provide, they perish! And with them dies the hope of a New Near East.

The Easter season is here—the season that commemorates the Great Sacrifice for mankind. America is known as a Christian nation. She is also the wealthiest nation that history has ever known.

Can we really enjoy our wealth and claim the name of Christian if we turn a deaf ear to the appeal which General Leonard Wood, in behalf of the Near East Relief, has sent forth broadcast for a Lenten Sacrifice Offering to save these little children in Bible Lands?

Shipbuilding Is Intricate Art.

"The construction of a great ship requires more separate arts and trades than any other object made by man," said Admiral D. W. Taylor, chief of the bureau of construction of the United States navy department in a recent meeting of the Royal Ontario Institute.

Among the actual branches of science which enter into shipbuilding the oldest is astronomy, which is still of great importance to navigators. Radio apparatus is peculiarly an advantage to the navy. Mathematics is an essential, of course, to all the other sciences. Mathematical apparatus for range finding, he stated, is employed, which determine instantly problems containing as many as half a dozen variables.

Chemistry and physics contribute in a great measure to the complete battleship, the branch of optics alone having given many advantages. In the matter of electrical science the scope to which it is used on the battleship may be appreciated by the fact that the average large warship can generate 150,000 horse power of electrical energy, which is equivalent to the amount used for a fairly large city.

Ingenious Planting Device.

By the ingenious application of a discarded two-cylinder opposed motorcycle engine, a New York farmer has devised a celery-transplanting machine, that automatically sets the plants while propelling itself. The motor, hung between the front wheels, transmits its power to them, and also operates two endless belts. While one man guides the machine, two others at the back place the small plants on marks on one of the belts, as it crosses a feed table. The other belt holds them in position, roots forward, until they enter a furrow made by a small plow on the machine, and two following disks then turn the earth back around the roots.

WINESAP

Rev. and Mrs. Willie Agee have moved into the house vacated by Willis Burgess, near Iron Hill.

The people of Zion Hill organized a Sunday-school Sunday.

Mr. and Mrs. Perry Vanwinkle, of New Era, were visiting his father, H. J. Vanwinkle, last week.

Mr. and Mrs. Fred Warned are the happy parents of a baby girl.

Rev. Willis Agee filled his regular appointment at Zion Hill Saturday night and Sunday.

Mr. and Mrs. Bert Morris have returned home after spending a few days with relatives at Mill Creek.

Mr. and Mrs. Charlie McJunkin are the glad parents of a baby girl.

Several people from Flat Rock and Thomas Springs attended church at Zion Hill Sunday.

Miss Cora Burgess, who is attending high school at Crossville, visited home folks over Sunday.

April 4. M. N.

Alaska, with a climate much the same as Norway and Sweden, yet several times as large, has a population of only 50,000 as against eight millions for Norway and Sweden.

LAND SALE

No. 1289.

Jasper Hughett

vs.

Cumberland Lumber Company

In obedience to a decree of the Chancery Court rendered in the above styled cause, August 27th, 1919 and revived February Term 1921, I will on May 19th, 1921, at the Court House door in Crossville, offer for sale at public outcry to the highest and best bidder the following tract of land, to wit:

Located in the Fourth Civil District of Cumberland County embraced within the interlap of what is known as Morgan County Entry No. 1566, Grant No. 19791 upon Morgan County Entry No. 1980, Grant No. 21897 and which interlap is described more fully as follows, to wit: Beginning at a stake the northeast corner of Entry No. 1980, Grant No. 21897, aforesaid and running thence west along the north boundary line of said Entry No. 1980, 364 poles to a stake in the intersection of said line with the west boundary line of said Entry No. 1566; thence with west boundary line of said last named Entry south 866 poles to the southwest corner of same; thence with the northeast line of Entry No. 1566 north 54 1/2 degrees east 482 poles to a stake in the intersection of the same with the east boundary line of Entry No. 1980, Grant No. 21897, thence with said last named line north 540 poles to the beginning, containing about 850 acres.

Said sale will be in bar of the equity of redemption on six and twelve months time, notes with interest, retaining a lien and personal security will be required.

This April 9th, 1921.

C. G. BLACK,
Clerk and Master.

Every where in Alaska, except the extreme north, vegetation is very luxuriant and the timber and coal is marvelous.

DAYSVILLE

G. W. Walker and deputies, Shellie Gill, Baxter Swicegood, and Constable T. A. Day raided Pinney Creek near this place Saturday night, April 9 at 10:30 and destroyed one illicit distilling furnace, one flake box, eight fermenting barrels but no still. About 9:30 Sunday morning, April 10, they raided a place on Mammy's Creek and found and destroyed eight beer fermenters, 360 gallons of Beer, one furnace, some fruit jars and crocks, one tub utensile. Just as G. W. Walker and deputies were destroying the outfit up walked Mr. Lowery and Mr. Harris, revenue men let by Dock-Scott of Ozone. Just got there in time to see the remains. Further raids were made on Pinney Sunday evening by Walker and crew and one furnace was destroyed that had been used recently.

Daymon Gill, of Westel, was visiting relatives here Sunday.

Mrs. Paul Falden and children, of Rockwood, were visiting Mrs. Robt. Gill from Tuesday until Friday.

Miss Mary Hayes, who has been visiting at Rockwood is at home for a few days.

Mrs. Oscar Hyder, of Crossville, and family were visiting relatives here Saturday and Sunday.

A. D. Grasham and family have moved here from New York.

Walter Frady, who was hurt in a train wreck a few days ago, is improving.

Mr. and Mrs. Sewell Day, of Rockwood, were visiting Mrs. Day's parents, Mrs. Jane Frady, Sunday.

Rockwood boys came out and played the Daysville boys base ball team Sunday. The score was in favor of Rockwood.
